About Me

I am a highly motivated 2nd-year Diploma in Computer Engineering student. My journey in tech started with a curiosity about how things work behind the screen.

Currently, I'm building a strong foundation in computer science principles, programming languages, and problem-solving. As a fresher, I bring enthusiasm, a strong work ethic, and an eagerness to learn modern full-stack development.

Languages

English

Marathi (मराठी)

Hindi (हिंदी)

Education

Pursuing (2nd Year)

Diploma in Computer Engineering

Gaining hands-on knowledge in computer science, software development, and core engineering concepts.

XII (Higher Secondary)

Completed higher secondary education.
